

# QuickStart Guide

## Welcome! Let's set up your PrintConnect™

1

Note the serial number on the box. This will be your default password. (Top sticker, below the barcode)

2

Connect the PrintConnect to a monitor, keyboard, mouse and your network. Plug in the PrintConnect and press the power button to turn it on.

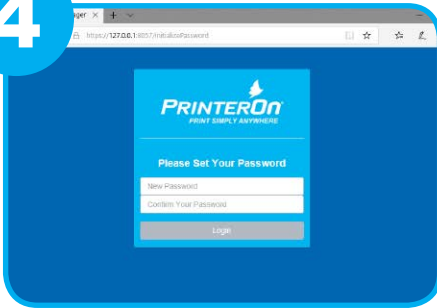

TURN OVER ►

3

Press Ctrl+Alt+Del on the keyboard and enter the password. (see Step 1)

4

Click the desktop PrinterOn icon. You will be prompted to set your password.

Once this is done, you will be logged in.

5

Contact your IT support and download the Print Delivery Station (PDS) Guide to complete the PDS configuration.
